FOR IMMEDIATE RELEASE:

CHEMSPEC AWARDED ECOVADIS 2021 SILVER SUSTAINABILITY RATING

UNTIONTOWN, OH—**CHEMSPEC, LTD.** is excited to announce that EcoVadis recently awarded it a “Silver” Supply Chain Sustainability Rating. The Silver Rating means that ChemSpec scores in the top 25% globally of all companies EcoVadis rates on a variety of sustainability criteria.

EcoVadis is the world’s largest provider of business sustainability ratings, creating a global network of more than 65,000 rated companies. EcoVadis ratings cover a broad range of management systems including Environmental, Labor & Human Rights, Ethics and Sustainable Procurement.

ChemSpec President Dave Moreland had this to say,

We’re proud to receive the EcoVadis Silver Rating. ChemSpec, with the support of its parent company Safic-Alcan, is committed to implementing sustainable business practices and becoming more socially conscious. We believe that our focus on such things as ethical behavior and protecting our environment are critical responsibilities companies should always strive to improve. I believe working with EcoVadis and other organizations, such as the National Association of Chemical Distributors (“NACD”), illustrates our dedication to sustainable operations.

ChemSpec is a North American specialty chemical distribution firm, working within the industrial polymer compounding market and the cosmetic ingredients industry. ChemSpec is a subsidiary of Paris-based Safic-Alcan Group, an international specialty chemical distribution company, focusing on both industrial and life science chemistry.
